

LiquiPac™ Film, Tubing, Liners and Bags

FDA Approved Material
Dairy Industry Approved

Liquipac™ Bulk Packaging

Marshall Plastic Film provides the Liquipac™ series of film, tubing, liners and bags. These products offer new and innovative ways to create applications in the transportation, storage and discharge of liquid products. Used in combination with boxes, bags, totes, bins, drums or other IBC containers, these products eliminate costly cleaning, leakage and contamination problems.

Features

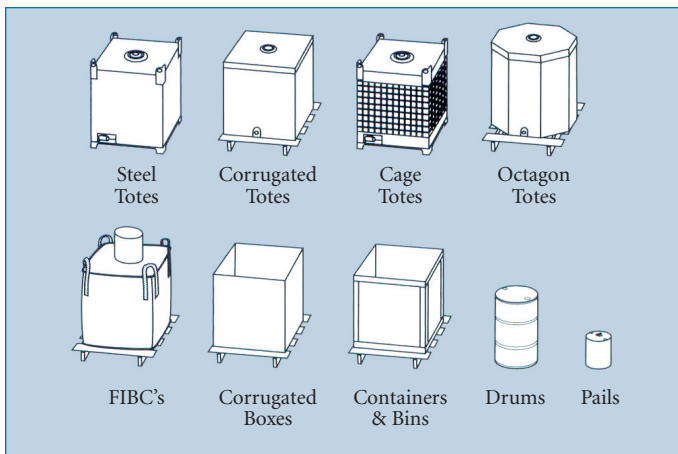

Custom design available
Multi-layer construction
Choice of films that offer protection factors suited to your application
Improves material handling
Reduces packaging costs

Benefits

Material selection allows for developments of several types of applications
Improved final product efficiency
Closed system provides sanitary product protection
Recycleable/disposable

Applications

Marshall Plastic Film's Liquipac™ series can be converted into:

Markets

- Dairy products
- Juices
- Fruit concentrates
- Condiments
- Inks
- Syrups
- Soaps
- Paints and coatings
- Chemicals
- Lubricants
- Pharmaceuticals
